Subject: Project Matrix Updates - due June 12
Attachments: Weekly Update_2014_April.xlsx

Good Afternoon Wetland Managers,

Now that we have settled ALL issues related to waters of the US, lol, it's time to update the Wetlands Division on significant project in your Region. If you could please update the attached Project Matrix sheets for your Region by **COB Friday, June 12th** I would really appreciate it. I will try to limit these request to quarterly reporting (unless there are significant developments with a specific project) and rely on the HQ POC for those projects to give more frequent updates if necessary.

Thanks in advance,
Abu
